

Opening of our new Maharishi School Sporting Ground

One of our school's many key achievements this year has been the establishment of a new play area for our students which now gives them so many more options for the activities and games they wish to play during their breaks. It is heart-warming to watch students playing together in a friendly soccer game and taking delight in falling on the grass. Precious!!

Our Student Leaders also planned lunchtime games for the students such as soccer and football. You will see in the photo that we have marked the area for games of football, soccer, hockey and athletics.

Our students were also involved in the assembly and installation of the goal posts.
